Nomination Process and Steps

Each candidate should follow these steps in order to be considered for the 2020-2021 BCLI Cohort:

1. **Locate a Nominator.** All BCLI fellows must be nominated by either a BCLI alumni, a community elder, a government agency or by a community organization with which the candidate is affiliated with as a participant, board member or advisor. **Each organization and each BCLI alum may nominate only one candidate each year.** This is to ensure shared accountability throughout the communities in which we are targeting seats and a diverse cohort of multiple networks. *If you do not know of an affiliated organization who can serve as your Nominator, contact BCLI staff to try to identify an organization in your interest area to serve as your Nominator.*
2. **Identify Your Target Seats.** Discuss with your Nominator which seat you would like to target based on your interest and experience. *(See Pages 9-29 for the full list of target seats for 2021-2022).*
3. **Complete & Submit the Nomination Packet Materials.** *(See pages 6-8).*

BCLI Nomination Packet: Materials to Submit

The **nominee** is responsible for submitting all components, including those completed by the nominator.

- 1. A completed Nomination Cover Sheet (see page 7).** This brief cover sheet is to be completed by the nominating organization and then forwarded, along with the nominating letter, to the nominee who submits all of the materials in one packet together to Nexus.
- 2. A Nominating Letter** addressed to Nexus Community Partners from the alum, Executive Director, a board member, or equivalent decision-making person of the nominating organization. This letter should clearly indicate at least two target commission seats (*see Pages 10-30*) for which the nominee is well suited (or already seated on), and must address the following:
 - **Endorsement of the nominee.** For how long and under what circumstances has the nominee been involved with the organization? Why would this individual be a valuable addition to the cohort, given our goal to advance equity for communities of color and other underrepresented communities on racial and economic equity issues? What is special about this nominee, both professionally and personally?
 - **Connection between the targeted commission and the organization.** Given their placement on the commission seats indicated, what do you hope the nominee can achieve for communities of color and other underrepresented communities? What attributes do you feel the candidate will bring to such commission service, and how do these attributes resonate with your organization's values and mission? In what structured ways will you continue to interact with the nominee, if seated, around these issues?
- 3. Nominee Cover Sheet (see page 8).** This brief cover sheet is to be completed by the nominee and included with the rest of the nomination materials.
- 4. A Letter of Interest from the Nominee.** This letter should indicate the nominee's short-term and long-term interests both in their identified seats and any additional racial or economic equity and career aspirations. The applicant should draw on previous experiences doing advocacy work (at a personal or community level) and navigating or understanding systems to demonstrate their ability to successfully serve on a board or commission. The applicant should also speak to how they will continue to remain accountable to the community throughout their work, especially as they become an appointed commissioner.
- 5. The Nominee's most recent resume.** Please send us your most updated resume.
