

BLACK COMMUNITY TRUST FUND

Visioning Black Wealth

Nexus Community Partners is designing the Black Community Trust Fund. The fund will distribute 50 million dollars to Black people in MN, ND and SD over a period of up to 8 years. *Because these funds are for the Black community, we are trusting the community to shape the process. These visioning sessions are one way we are doing it.*

Come to a visioning session to learn more and get engaged!

Together, we will explore and imagine all that Black Wealth is and could be. We will also share the fund's origins, the work we've done so far, and the work that is to come. You will be able to share feedback that we will use to develop and revise our work.

DETAILS: Sessions will be capped at 10 people per session to allow everyone ample space to contribute. Attendees will receive a stipend of \$200 for their time and expertise.

WHO: All qualifying Black residents in MN, ND and SD are invited to attend.

- This includes Black folks who are formerly incarcerated, LGBTQI+, poor, disabled, single, married, and more.
- By "Black" we are referring to descendants of formerly enslaved Black people, including descendants of Black families who experienced Jim Crow and 20th century redlining.
